

DR. MARLY DESIR

*If your children need dental services, we'd*

*like to help. We are able to  
come to your facility and see  
the children at a time that is*

*convenient for you and us, like weekends or*

*holidays. You can also call if you have an*

*emergency or need at other times and Dr.*

*Marly can arrange to come. Besides basic*

*screenings, exams, cleaning and other dental*

*services, we offer an in-service for children*

*and staff. If your children have sponsors or*

*adoptive parents, we can*

*communicate with them via*

*email and can accept checks by mail to*

*Dr. Marly Desir c/o Agape Flights*

*100 Airport Ave Venice, FL 34285*

Dr. Marly Desir graduated from the Odontology Faculty in Port au Prince, Haiti as a licensed Dentist. Dr Marly has had his own private dental clinic which is in his parents' school in Canapé Vert near Teleco. Marly is now on staff at the Odontology University. He is a member of the Haitian Dental Association. Dr. Marly has worked with several mission teams who come to Haiti to do rural clinics. For several years, Marly has been working in orphanages and caring for emergencies. Marly is also a member of the Christian Medical Association. Marly is married to Lauri with sons Sam and Joey. ## IN-SERVICE TOPICS

We offer an in-service seminar that is beneficial for both children and employees. We will come to your home and present an hour long, fun filled

workshop at no charge if you're interested.

Some of the topics included in the workshop are:

- Explain what teeth are, why we need them and importance of taking care of teeth
- Simple diagnosis of several mouth, gum and teeth diseases.
- Discussion on preventative care with detailed instructions on brushing teeth
- Teach how to floss teeth properly
- Explain proper diet including importance of calcium and vitamin C
- Explain simple medicines used in oral health
- Worksheets, games, exercises, songs and English story books.

## Price List

### Exam with charting

*Complete exam listed above but also including full written documentation with diagnosis and treatment explained. Hard copy for you and also our files. Includes email communication with parents or sponsors if requested*

**\$40.00 hd  
(or \$5.00usd)**

### Simple Exam

*Careful check on each tooth for decay or other issues. Look at tongue, gums and general oral health. Verbal diagnosis for suggested follow up.*

**\$25.00 hd**

### Screening

*Brief visual inspection to check for obvious needs or problems. Can be done on children any age.*

**\$10.00 hd**

### Cleaning—simple

*Prophylaxis to remove tartar and improve health of gums and teeth.*

**\$50.00 hd**

### Complex cleaning

*In cases where more plaque or build up has been noted, than a more extensive cleaning is required*

**\$75.00 hd**

### In-Service Workshop

*Cost of providing seminar if no other services are requested. Includes handouts etc.*

**\$50.00 hd**

### Other services performed at your facility

*Extraction of teeth that have third degree decay. Local anesthesia will be used.*

**Prices depend on which tooth (molar, incisor)**

### Services to be done by appointment at lab or clinic

*Prosthesis for replace a missing tooth, fillings with composite or amalgam*

**Prices vary on services**

## Dr. Marly Desir—Dental services

Please let us know if you'd like us to visit your facility and we'll work out a time that is good for both you and us.

About how many children do you want us to see?

What type of exam would you like?

- Exam with charting  
 Simple exam  
 screening

Children you know have an issue now that we should see first:

Would you like us to present the workshop at the same time?
